BAMBOO

Inspired by Nature...

CHURCHILL® super vitrified

BAMBOO

Inspired by Nature...

Taking inspiration from nature's elements and global influences Bamboo has a sculptural grace which balances design with performance.

The raised white embossed design takes inspiration from natural flowing form of bamboo to simple effect, using a subtle and textural finish that creates a sophisticated yet natural impression.

Organic lines and natural texture reflect the light beautifully in a fine detail with an exquisite finish. A modern and delicate embossment combined with long-lasting durability and strength are the essence of Bamboo.

Vanessa Carter, Head of New Product Development at Churchill says,

"Bamboo is one of our most exciting launches to date and is a range which has come together organically and will continue to grow over launches going forward.

Taking inspiration from nature is a perennial trend and Bamboo has a subtlety of design which caters for a number of settings both casual and formal.

Due to the practical elements of the range coupled with a design that lends understated impact to food presentation, Bamboo has a longevity both in style and use."

MADE IN ENGLAND

Create the perfect dining experience.
Ultimate presentation.

CHURCHILL[®] super vitrified

BAMBOO

For Fine Dining...

Where presentation of culinary creations completes the ultimate in dining experience, Bamboo has an elegant and refined presence. The soft styling of the natural embossment creates a blank canvas to showcase fine dining cuisine. Statement shapes within the collection provide the opportunity for creative signature dishes.

FEATURES & BENEFITS

Superior Glaze Finish

Protected by ecoglaze, a high performance glaze that enhances product performance, prolonging the life of the product, improving stain and metal mark resistance and durability. Excellent stability prevents thermal shock and crazing.

Footed Plates

Key plate sizes have a foot which is an essential requirement for banqueting. Elevated from the table, easy to carry and to transport. Allows air to flow when stacked.

Lighter

Refined thinner profiles dramatically reduce the weight of each item. Easy to handle and excellent stackability reduces storage space back of house.

Improved Face Profile

A defined rim edge to improve food presentation.

Fully Glazed Base on all Flatware

Prevents damage when stacking.

Strong & Streamlined

Lightweight, attractive product with a rolled edge that is more than capable in any back of house environment. Covered by our 5 Year Edge Chip Warranty.

Dishwasher & Microwave Safe
